

Collaboration

Students, parents, and staff share responsibility for student learning. By reading this compact, we can better understand how everyone contributes to student success.

In addition, by signing and returning the accompanying slip, you and your child agree to do your best to adhere to your specific responsibilities.

Collaboratively, we can develop academically successful students here at Jamestown Elementary.

Our Mission

To educate all students to participate in and contribute to a changing global society by actively involving them in an education program that emphasizes basic and life-long learning skills in an environment of mutual respect.
